

# MSCI Australia IMI Select SRI Screened Index (AUD)

The MSCI Australia IMI Select SRI Screened Index aims to represent the performance of a selection of securities whose MSCI Country of classification is Australia, while excluding companies with high negative social or environmental impact. Additionally, the index targets companies with high Environmental, Social and Governance (ESG) ratings. The Index aims to represent the performance of the larger liquid segment of securities in the eligible Australian equity universe while achieving diversification by controlling for the maximum weight assigned to each security.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI Australia IMI Select SRI Screened Index was launched on Jun 07, 2019. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

## ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process.
