

# MSCI USA Tech 125 Universal Index (USD)

The MSCI USA Tech 125 Universal Index is based on the MSCI USA Index, its parent index, and includes large and mid-cap securities of the U.S. equity markets. The Index aims to represent the performance of a set of companies associated with the development of new products and services from technology innovations leading to breakthroughs in areas such as internet and digitization, mobility, autonomous technology, industrial automation, and digital healthcare. Along with that it seeks high exposure to companies with both a robust ESG profile and a positive trend in improving that profile.
