

MSCI All Nigeria Select 25/50 Index (USD)

The MSCI All Nigeria Select 25/50 Index is designed to represent the performance of the Broad Nigeria Equity Universe, while including a minimum number of constituents. The Broad Nigeria Equity Universe includes securities that are classified in Nigeria according to the MSCI Global Investable Market Index Methodology, together with companies that are headquartered or listed in Nigeria and carry out the majority of their operations in Nigeria. Further, the Index only includes securities with a minimum liquidity threshold of USD\$100,000 average daily traded value, subject to 20 constituents being included in the Index. If not, securities are added in the decreasing order of average daily traded value until 20 securities are selected. The index targets a minimum of 20 securities at construction.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI All Nigeria Select 25/50 Index was launched on Jul 15, 2014. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI
