

# MSCI World Materials Advanced Select 20 35 Capped Index (USD)

The MSCI World Materials Advanced Select 20 35 Capped Index is based on MSCI World Materials Index, its parent index, which includes large and mid-cap stocks across 23 Developed Markets (DM) countries\*. The index is designed to support investors seeking to increase exposure to positive environmental, social and governance (ESG) factors by 20% and aim to reduce the carbon-equivalent exposure to carbon dioxide (CO<sub>2</sub>) and other greenhouse gases (GHG) as well as their exposure to potential emissions risk of fossil fuel reserves by thirty percent (30%) relative to the Parent Index. All securities in the index are classified in the Materials sector as per the Global Industry Classification Standard (GICS®). The index is weighted in accordance with the MSCI Capped Indexes methodology, such that the largest group entity within each Index is capped at 35% while all other group entities are capped at 20%, with a buffer of 10% applied on these limits at each index rebalancing.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

The MSCI ESG Target Indexes were renamed the MSCI Advanced Indexes as of Feb 3, 2025.

The MSCI World Materials Advanced Select 20 35 Capped Index was launched on Jan 07, 2022. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

## ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community. With over 45 years of expertise in research, data and technology, we power better investment decisions by enabling clients to understand and analyze key drivers of risk and return and confidently build more effective portfolios. We create industry-leading research-enhanced solutions that clients use to gain insight into and improve transparency across the investment process.
